## Smart Org Charts Wherever You Go

Cloud-based software lets you quickly and easily create, access, and share organization charts online

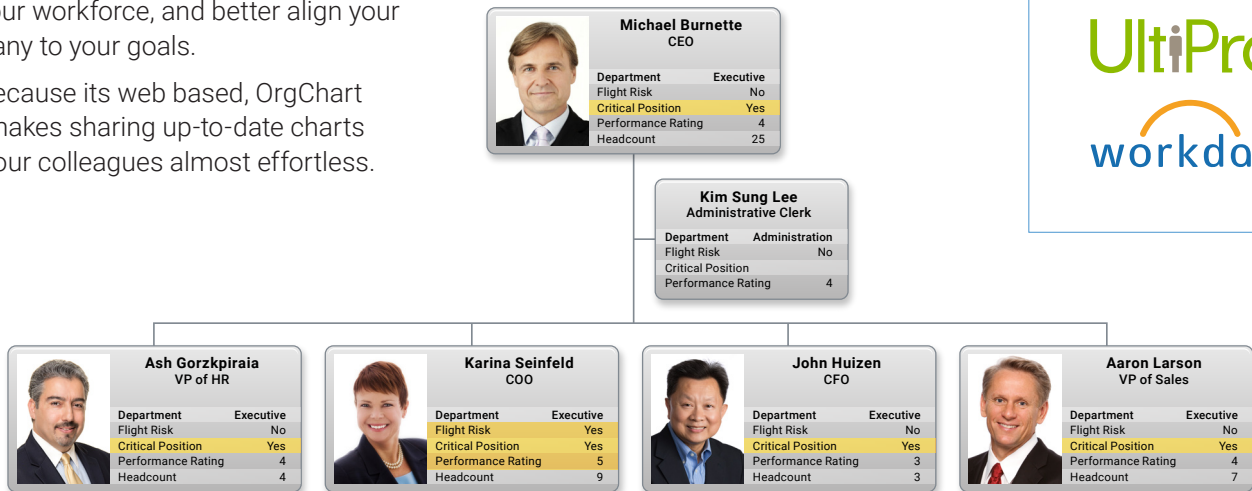

### Why OrgChart Now?

Most organizations use PowerPoint, Excel and other products to analyze their workforce data and create org charts. Creating and sharing detailed charts with these programs is a time consuming and painful experience.

OrgChart Now helps you by giving you the tools to quickly and easily create professional-quality charts and perform in-depth workforce analysis. Instantly highlight vacancies or contract positions even if your chart contains thousands of boxes. The ROI is simple – you save staff time, gain valuable insights into your workforce, and better align your company to your goals.

And because its web based, OrgChart Now makes sharing up-to-date charts with your colleagues almost effortless.

Connect directly to HR Systems, including:
